

# Staying Safe On-line.

Always stay **safe** on-line  
by following the **rules** in this rhyme.  
Only talk to people who **you know**  
you talk to a **stranger** there is a  
hidden danger.

If **you don't know** them  
they really don't know you.

Don't give out any **personal  
information**

or give any kind of clue.

Don't be a victim or a **cyber-bully**,

Always tell an **adult** quickly.

All this is important so,  
you **never** need to worry.
