

## Bishop Martin CE Primary School Pupil Guide to Live Lessons

The teachers at Bishop Martin want to provide the best teaching and learning we can. In the event of class PODs self-isolating we will use remote learning to help you carry on learning and use Live Lessons to continue teaching like we do in the classroom.

Here is your guide for how to take part in Live Lessons.

All Live Lessons will be through Microsoft Teams App and Seesaw (Y1-6) or Tapestry (EYFS)

To take part in lessons you must be dressed, wear clothes you would usually wear on a non uniform day. No pyjamas please.

### When joining the lesson...

Be in one of your family rooms e.g. dining room.  
Not your bedroom

Be on time for the lesson and wait for the teacher to let you in

Have all your equipment ready including paper and pencil.

Make sure you are on mute. Only unmute if you are asked to.

### When taking part in the lesson...

Behave as you would in the school class, listen carefully at all times.

Complete tasks along with the teacher to support your learning.

Do not film or screenshot any part of the lesson.

During the lesson you can use the chat to answer teachers questions or leave a comment. The chat is only to be used when lessons are on.

At the end of the lesson listen out for any tasks you need to complete before the next lesson.

It is important that you follow all of our rules so we can keep you safe and you can take part in all of your Live Lessons.
